## Important

- Blaze orange required: All hunters (except waterfowl hunters) are required to meet the blaze orange clothing requirements for gun deer hunting (see page 5). This includes:
  - ✓ The regular gun and muzzleloader deer seasons.\*
  - ✓ The 4-day antlerless only gun hunts (Oct. 24-27 & Dec. 11-15) in Zone T units.\*
  - ✓ The October 26 one-day youth deer hunt in non-Zone T units.
  - ✓ The Chronic Wasting Disease (CWD) control hunts in the CWD Intensive Harvest and Management Zones (See map on page 5).\*
- Portions of the **Bong Recreation Area** may be closed to pheasant hunting during the first two weeks of the pheasant season. Contact the Bong Recreation Area for details. The Bong Recreation Area no longer sells licenses, so hunters should have their licenses and pheasant stamps ahead of time.

\* For a list of units and dates refer to pages 38, 39, 48 and 49 of the *Wisconsin General Hunting Regulations* or for CWD seasons refer to the *Wisconsin Special Regulations Related to Chronic Wasting Disease*.

Pheasant hunting on the properties listed in this pamphlet are subject to one or both of the following rules (except those listed on page 16):

- 2 P.M. close of hunting hours, October 21 through November 2
- Hen/rooster hunting permit and tags required

This pamphlet gives you a summary of Wisconsin's pheasant hunting regulations; it is not a complete set of laws.

PUBL-WM-003 2002

*Dear Pheasant Hunter:*

*Approximately 70 public hunting grounds will again be stocked with at least 50,000 game farm pheasants. Stocking efforts combined with good recruitment, and habitat improvement projects funded by pheasant stamp dollars, should provide us with some excellent hunting opportunities to look forward to this fall.*

*This pamphlet includes a description of those Public Hunting Grounds with special regulations and a list of other Public Hunting Grounds where pheasants will be released. Please read this pamphlet and be aware of which public hunting grounds have a 2 p.m. closure and/or allow hen pheasant hunting. Remember, all pheasant hunters within the Pheasant Management Zone are required to have a pheasant stamp.*

*As in the past, all pheasant hunters will need to wear at least 50% blaze orange clothing above the waist during the regular gun and muzzleloader deer seasons from November 23 through December 11 statewide. Pheasant hunters must also follow the blaze orange requirement during the special deer hunt October 24 through 27 in Zone T DMUs, and additionally during December 12 through 15 (only Zone T DMUs south of Hwy. 8). Also, be aware of special seasons within the Chronic Wasting Disease Management Zones (CWD DMUs 54B, 70, 70A, 70B, 70E, 70G, 71, 73B, 73E, 75A, 75C, 75D, 76, 76 M and 77A). In the Intensive Harvest Zone, blaze orange is required from October 24 through January 31. In the CWD Management Zone, blaze orange is required from October 24 through 27, November 23 through December 15, and again through December 21 through January 3.*

*Before, during and after the hunt, promote safe and ethical hunting among your friends, relatives and hunting partners. The future of hunting depends upon hunters. Have a safe and enjoyable hunt.*

*Keith Warnke  
Upland Wildlife Ecologist*

## **Pheasant Management Zone**

**Note:** Portions of Eau Claire and Pepin Counties are now included in the pheasant management zone. See page 13 of the 2002 *Wisconsin General Hunting Regulations* for a map of the pheasant management zone.

## **Pheasant Stamp Requirement**

A pheasant stamp (\$7.25 resident and nonresident) is required to hunt pheasants in the Pheasant Management Zone, in addition to a small game or sports license. **Note:** Holders of conservation patron licenses, qualified U.S. armed forces members, senior citizen recreation card holders, and first-year Wisconsin resident hunter safety course graduates are exempt from the stamp requirement. Pheasant stamp funds are earmarked for wild pheasant restoration projects such as wild pheasant releases and habitat development.

## **Season Dates and Hunting Hours**

**Season Dates:** October 19 (noon)–December 31, 2002\*

**Bag Limits:** October 19–20; 1 cock daily; possession limit 2. Remainder of season: 2 cocks daily; possession limit 4.

**Hunting Hours:** Opening Day for ALL areas: 12:00 noon to close of normal hunting hours 20 minutes after sunset.\*\* Remainder of season follows normal small game hunting hours except for 2:00 P.M. Closure Areas (see page 3). From October 21–November 2, legal hunting closes at 2:00 P.M. on these properties; normal hunting hours begin on November 3 and continue until the season ends on December 31, 2002.

\* Firearm hunting for pheasants is prohibited on November 22, the day before the nine-day gun deer season, except in the CWD management and intensive harvest zones.

\*\* See 2002 Wisconsin Hunting Regulations (pgs. 34–37) for small game hunting hours table.

## Why the 2:00 P.M. Pheasant Hunting Closure?

Closing a hunting area at 2:00 P.M. allows the DNR to release pheasants when they are not subject to hunting pressure. This improves stocking and distribution techniques and gives the birds more time to orient to their new surroundings. This helps provide a higher quality hunt.

## 2:00 P.M. Pheasant Hunting Closure Areas

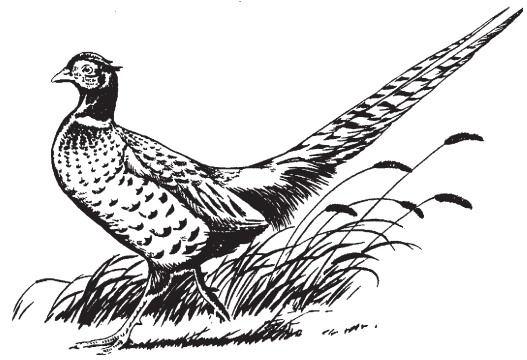

The boundaries of the following wildlife properties are posted with signs stating the 2:00 P.M. daily pheasant hunting closure time from October 21 (third day of the season)–November 2. Always check the type of signs posted; the boundaries of some areas contain private land and permission of the landowner is required before hunting.

## Why Hen Stocking and Hunting?

Stocking and hunting hen pheasants on certain properties increases the effective use of surplus hen chicks produced by the State Game Farm. Most game farm pheasants have been raised in captivity for many generations, and do not survive or reproduce well enough in the wild to justify rearing them for release to bolster natural reproduction.

Raising surplus hens for hunting provides additional pheasant hunting opportunities at less expense than producing more roosters.

Hen hunting properties were selected because they are located outside the wild pheasant management range. It is illegal to shoot hen pheasants anywhere else in Wisconsin, except on licensed game farms. Such shooting would harm Wisconsin's wild pheasant population. Please report all illegal shooting using the toll-free hotline listed on the back of this pamphlet.

## Hen-Rooster Hunting Regulations

Applicable on Hen-Rooster areas only.

- 1) You must complete and submit a DNR application to obtain a pheasant hunting permit and tags BEFORE hunting pheasants on these listed properties. There is no charge and applications can be obtained from any DNR service center or by writing DNR, Box 7924, Madison, WI 53707.
- 2) The permit sticker (labeled "L") at the bottom of the tag package must be separated from the tags and attached to your hunting license before you hunt.
- 3) Ten carcass tags are issued with your permit and this establishes your season bag limit on hen-rooster hunting areas.
- 4) The permit and carcass tags are not transferable or replaceable, even if accidentally lost.
- 5) Immediately upon killing a pheasant, a tag must be attached to the featherless part of the pheasant's leg, between the foot and the knee joint.
- 6) Both sexes must be tagged. This minimizes the temptation to discard one bird for another because of sex, size or condition.
- 7) The daily bag limit on hen-rooster hunting areas is 1 pheasant daily on Oct. 19 and 20 and 2 pheasants daily from Oct. 21 to Dec. 31. The possession limit is twice the daily bag limit.

## Hen-Rooster Hunting Areas
